Dear Virginia,

I don't know him personally, however, his C.V. looks good. I do not mind to have him in our workshop in August.

The following is the organization and contact persons who is conducting an international conference on: Managing Change in Universities in Germany, August 27 to September 3, 2000.

1. German Foundation for International Development (DSE), Zentraistelle für Erziehung, Wissenschaft und Dokumentation, Hans-Böckler-Strasse 5-53225, Bonn-Linie 62-Halt: Beuel Rathaus. Attention Mr. Christoph Hansert. Tel. 0228/4001-223/-208-209; fax: 0228/4001-111; email: hansert@zed.dse.de; internet: www.dse.de/zed.

Best regards,

Aman

Dr.Thanh Liem Duong
Rector, University of Agriculture and Forestry
Ho Chi Minh City
Dai Hoc Nong Lam
Thu Duc, Thanh Pho Ho Chi Minh
Vietnam

Tel : 84 (8)966-946
Fax: 84 (8)960-713

Dear Dr.Duong,

Salzburg Seminar (based in Austria and USA) and EARTH (Escuela Agricultura del Region Tropical Humeda) University (based in Costa Rica) in cooperation with Noragric (Norway Agricultural Center) have initialed a project on "Sustainability, Education and the Management of Change in the Tropics"

Its overall mission is to analyze the challenges confronting the tropics and examine the ability of innovative educational models to provide means for sustainable development.

For the time being, it focuses on issues of sustainable agriculture and natural resources development/management in the humid tropics and the role of higher education institutions in these processes and activities.

There had been two seminars organized to discuss the issues and propose strategies and actions. The first one was in 1999 in Salzburg, Austria and the second one in August 2000 in Costa Rica. In between, there has been meeting of the Executive Committee composed of representatives of the three organizations – Salzburg Seminar, EARTH and Noragric and Two Regional Advisory Teams – one from Africa (headed by the University of Uganda) and one from Asia (with members from Bogor Agricultural University of Indonesia, Asian Institute of Technology and Suranaree University of Technology from Thailand and recently the University of Agriculture and Forestry of the National University of Vietnam, Ho Chi Minh City.

During the recently concluded Executive Committee Meeting in Washington DC (October 2000), it was agreed that the proposed next meeting will be at Suranaree University of Technology, Nakhon Ratchasima, Thailand sometime in March or April 2001. The definite day will be announced soon. In this connection, a one-day Forum of some representatives of agricultural universities in the region will be organized. Your name has been suggested by the members of the Regional Advisory Team EARTH

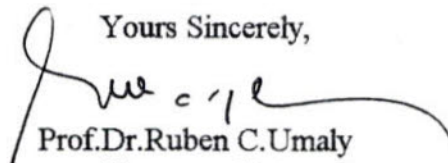

ASIA (Bogor Agricultural University, Asian Institute of Technology, Suranaree University of Technology, University of Agriculture and Forestry, VNU Ho Chi Minh City, Vietnam and SEAMEO SEARCA Thus, kindly fill up the attached form and return to the the Center for International Affairs, SUT, Thailand. FAX (66.44.22.41.40) or send by EMAIL : cenintaf@ ccs.sut.ac.th ASAP The final selection will be made by the Executive Committee who will provide partial financial support to selected participants. Interested participants who are not funded may also join their own expense.

The Network is aimed at providing a forum for : (1) Sharing of results/experiences on Developmental Projects and researchers,(2) Discussion on relevant issues on sustainable agriculture in Asia ; and facilitating (1) Faculty and Student exchanges between interested colleges and universities of Agriculture (2) Collaboration in producing and sharing of existing teaching - learning materials(3) Networking for other collaborative projects and activities

The subthemes of the discussion would include:

Looking forward to your participation. With best regards.

Yours Sincerely,

Prof. Dr. Ruben C. Umaly

Dear Dr. Tran,

Your name was given to me by Ms. Virginia Larskin of Salzburg Seminar. I was told that you are interested to participate in the Food System Workshop. However, after reviewing your CV, it seems you are also a possible candidate as participant in another seminar we are going to organize in San Jose, Costa Rica in August. This will be on Sustainable Agriculture. With your background in agriculture and environment science, you may be interested to participate.

I have visited your University many times, but I think we have not met. I am also very much involved in Environmental Science. I will be visiting Hanoi from 3 to 5 March to meet with Dr. Nguyen Van Dao, President of VNU and most probably with Dr. Tran van Nhung of the Office for International Affairs, MOET. Thus, kindly indicate your availability for a meeting at my hotel at time of your convenience either with Ms. Quy of VNU (Office of International Relations) or with Mr. Mai Anh (Office of International Relations, MOET. I have your phone numbers and will probably call you too.

Looking forward to our meeting and possible discussion on topics of mutual interest and your participation in the San Jose Meeting.

With best regards.

Sincerely,
Prfo.Dr.Ruben C.Umaly
Director, CIA
