

excellence in space education for a changing world

June 29, 1999

Prof. Dr. Wichit Srisa-an
Rector
Suranaree University of Technology
Muang District, Nakhon Ratchasima
Thailand

Dear Prof. Dr. Wichit,

On behalf of the International Space University, I want to express my sincere appreciation to you for the wonderful welcome you have given to the Summer Session '99 here at Suranaree University of Technology. From the start of the Opening Ceremony in the presence of HRH Princess Sirindhorn in the morning through to the stunning performance of your most talented students in the evening, everything was perfectly organized and beautifully executed.

It was truly a remarkable day and we are proud to have been able to share it with the people of Thailand through the media coverage that your team arranged. Our students were particularly delighted to be able to see the television coverage of the arrival of HRH Princess Sirindhorn on the large screen during our evening celebration and delicious pa-lang dinner.

With such a wonderful start, we know that we can look forward to a most productive summer working together with your excellent faculty and staff.

Sincerely,

Dr. David J. W. Kendall
Director
