National University of Lao

Letter of Admission

Dear Mrs. Chanh Chanhthanam,

Suranaree University of Technology is pleased to inform you that you have been accepted into the Master program in Environmental Biology at the Institute of Science, Suranaree University of Technology, commencing 4 January 4, 2000.

Attached herewith please find a copy of the letter (in Thai) which you may present to the Royal Thai Embassy in Vientiane together with your visa application.

I am looking forward to welcoming you at Suranaree University of Technology.

Yours sincerely,

(Assoc. Prof. Dr. Pongchan Na Lampang)

Dear Ms.Sommai,

Thank you very much for your great effort for both AUAP
and APDMEN in Philippines. Everybody has admired your
work. I shall appreciate it very much if you will send
me lists of both participants in APDMEN core meeting and
forum, soon.

RE: SUT LINKAGE

Dear Lex,

Greetings from SUT !!

I am writing because of two things:

1. Assistance to Laos

SUT has been chosen by ADB to be one of the agencies to assist in the manpower development of the newly created National University of Laos. We have at present some administrators of the University undergoing shadowing with their counterparts at our university. We have also some MSc. and Ph.D. students with us.

One of their administrators cannot afford to be away and so he prefers to do his Ph.D. in Educational Management via distance or open mode. His basic training is in mathematics and so he wants to do some research in the field of Measurement of Quality of Higher Education. Do you have an appropriate Ph.D. program in this field. Kindly advise me so that we can inform him. I am enclosing his letter and CV.

2. Invitation to AAOU

I met last week Dr. Wong of the Open University of Hongkong, the Secretary General of AAOU. Thus, I was reminded of your invitation for me to give a paper in the Manila Conference. If a paper on APDMEN is appropriate and acceptable, then I will be willing to present one.

With best regards,

Your Sincerely,

Mantam.

for (Dr.Ruben C Umaly)

BIOGRAPHICAL DATA

1. **Name and Surname:** Khamchan SENGCHANSOULIYA
2. **Date of birth:** May 15, 1957 in Municipality Vientiane, Laos P.D.R.
3. **Age:** 43
4. **Sex:** Male
5. **Nationality:** Laos
6. **Marital status:** Married
7. **Education:**

1969-1977: Undertake a Upper Secondary School in Vietnam

1977-1983: B.Sc. and M.Sc at Faculty of Mathematics, Taskent Government University, the Former USSR. Field of study was Theory Probability and Statistics. Theme of the detestation was "Some Volume of Function Concentration".

1989-1991 (2 years): Undertake a Ph.D. program at Moscow Pedagogy University, Russia. Theme of detestation was "Teaching mathematics for university's student by systematically assessment". All necessary course for Ph.D. programs already passed (in Russian these courses are called "The Candidate Minimum"). The detestation was not finish yet, because of financial problem (since 1991 foreign student must pay the tuition fees, before that free education).
8. **Other training:**
 - ❖ 1983: 8 months course on Radio and TV repair technique.
 - ❖ 1985: Three months course on "Management of Teaching and Learning in Vocational School", at Teacher Training Institute in Ho Chi Minh City, Vietnam.
 - ❖ 1992: 10 days course on "Project proposal and Project Management", Laos, organized by Thai's DTEC.
 - ❖ 1993: One week study visit to Thai's Ministry of Labor and Vocational Training Centers on "Labor Force".

- ❖ 1994: One month course on "Management Information System" at SEAMEO VOTTECH Center, Brunei.
- ❖ 1997: 3 months intensive course on "English for special purpose"
- ❖ 1998: Two weeks course on "Training of Trainer" at Thammasart University, Thailand.

9.	Language:	<u>Poor</u>	<u>Fair</u>	<u>Good</u>	<u>Excellent</u>
	English	-	-	√	-
	Russian	-	-	√	-
	Vietnamese	-	-	-	√
	Thai	-	-	√	-

10. Other skill: Application software for PC such as Microsoft WinWord, Excel, PowerPoint, FoxPro, Access, Dbase III.

11. Present Positions:

- ❖ Head, Academic Staff Development Division, National University of Laos.
- ❖ Member of Project Implementation Unit, responsible for Human Resource Development (Post Secondary Education Rationalization Project, ADB Loan No. 1374-Lao(SF), US\$ 25 Millions, 1995-2001).
- ❖ Assistance to General Secretary of University's Council.

12. Work Experience:

- 1983-1984: Member of Committee for Establishment National Polytechnic Institute, responsible for Curriculum Design and General Administration. Experienced in initiation and implementation a project at national level.
- 1984-1988: Officer for Higher Education Division, Department of Higher Technical and Vocational Education. Ministry of Education. Experienced in the macro functions of Higher Education and experienced in development of Lao's

Post Secondary Education System in Laos . Several time attendance the Ministerial Meetings on Higher Education of former East European Socialistically Republics, and Ministerial Meetings on Technical and Vocational Education of Socialistically Republics.

1992-1995: Officer for Statistics and Planning Division, Department of Higher Technical and Vocational Education, Ministry of Education. Experienced in design and set up a data base system for the Department, computerized personnel information of Technical and Vocational Schools in whole country. Was appointed as Official Information Provider concerning survey feasibility of establishment National University of Laos.

1995-1998: Officer for Project Implementation Unit, responsible for Human Resource Development, Department of Higher Technical and Vocational Education, Ministry of Education.

1998-present Head, Academic Staff Development Division, National University of Laos. Responsible for planning for strengthening academic staff, including short and long term training. Teach mathematical statistics for student Faculty of Science.

13. **Residence:** Mr. Khamchan SENGCHANSOULIYA
068 Phalathikan Road, Ban Chommany Tay,
Setthathilath District, Municipality Vientiane, Lao P.D.R
Tel.(856-21) 415260

Office: Mr. Khamchan SENGCHANSOULIYA
National University of Laos, P.O.Box. 7322, Lao P.D.R

E-mail: nuol.pu@laonet.net

Applicant sfrom NUOL

Conclusions :

1. There are 6 applicants (attachment)

2. Issues to be discussed :

2.1 Application fees – The applicants from NUOL have not paid for the application fee yet. They are supposed to pay US\$ 50. Each.

2.2 Letters of admission : This was requested by NUOL but SYT hasn't issued them yet because it will be done after the institute informs the CES. The CES will then inform CIA.

2.3 Tuition fee : (attachment)

2.4 They are accepted in the Thai program...but undergraduate courses are mostly taught by the foreigner faculty.

2.5 The latest date of arrival : should be discussed during this visit. Usually the incoming grad students will be requested to meet the CES office on Dec 27 and the course will commence on Jan 4. They will need the SUT written permission for late arrival or they will not be able to register.

2.6 The program of study, timing and duration of each student should be discussed also.

3. Arrangement for the visit

3.1 The team will travel by car from Korat-Nongkai-Korat. They will arrive at the meeting point on the friendship bridge at 14.00 Hrs. of Dec 13. The program schedule is as attached.

3.2 NUOL has made a reservation at Tai Pan hotel, 2-12 Francois Ngin Street, Ban Mixay, Vientiane. Tel. (856-21) 216906 Fax: (856-21) 216 223.

Attention : Prof. Dr. Ruben C. Umaly
TAI-PAN Hotel, Room # 207
856-21 216223

Buenas tardes,

1. Fees

Fees for both students and shadowing were informed to the NUOL. Attached please find the copies we had previously sent NUOL. However I am answering to your questions again.

1.1 Fees for Students

Details about fees for students were not discussed in the meeting. As there is no specific expenses for each institute, Dr. Thai gave me the cost estimates for each student which range from 42,000-73,000 Baht/ year.

1.2 Fees for Shadowing Program

This issue was discussed and agreed in the meeting. The fee for one person-month shadowing program will be US\$ 500. (Please see the minutes attached.) Accommodation and board and air fare are not included.

Accommodation will be 2,700 Baht / month for single occupancy, 1,350 Baht on twin sharing basis. This was informed to NUOL.

Books per term should be 8,000-10,000 Baht.

Cost of living 3,000 Baht per month.

2. Other applicants

Apart from these 6 applicants who have been accepted by SUT, NUOL only mentioned once in their letter to SUT that they would be sending the additional application forms to SUT but they have never mailed anything so far. Did I understand your question correctly?

3. Please call me at home if there is any further question. My home phone number is 044 225874. I will attend a funeral downtown Korat and will be at home by 20.00. You can also fax to the office, I will drop by and check.

Hope the interview tomorrow will go smoothly. By the way, how is the weather in Vientiane ? Korat is quite warm today.

Best regards,

Pin

We have at present some administrators of the University undergoing shadowing with their counterparts at our university. We have also some MSc. and Ph.D. students with us.

One of their administrators cannot afford to be away and so he prefers to do his Ph.D. in Educational Management via distance or open mode. His basic training is in mathematics and so he wants to do some research in the field of Measurement of Quality of Higher Education. Do you have an appropriate Ph.D. program in this field. Kindly advise me so that we can inform him. I am enclosing his letter and CV.

2. Invitation to AAOU

I met last week Dr. Wong of the Open University of Hongkong, the Secretary General of AAOU. Thus, I was reminded of your invitation for me to give a paper in the Manila Conference. If a paper on APDMEN is appropriate and acceptable, then I will be willing to present one.

With best regards.

Your Sincerely,

Mantam.

for (Dr.Ruben C Umaly)

TO WHOM IT MAY CONCERN

I have been awarded a scholarship to be funded by the Asian Development Bank (ADB), under Post Secondary Education Rationalization Project (PSERP), an ADB LOAN No. 1374-Laos(SF).

I am presently seeking the universities/institutions where I could undertake a Ph.D. programs on "Measurement quality of Higher Education institutions in Laos" preferably by distance mode. I hope that the supervisor could give me suggestions on details of theme/topic/problem which will be the best option for me. My idea is that quality of higher education depends on many factors. Can these factors be evaluated in mathematical language with the help of personal computer ?

It will be very highly appreciated, if your institution could consider my inquiry and provide me with appropriate information and advice. Enclosed is my curriculum vitae.

Thank you.

Mr. Khamchan SENGCHANSOULIYA
Head, Academic Staff Development Division
National University of Laos.

Post Graduate Program

1. Issues Discussed :

1.1 Application Fees

It was agreed in the meeting that Lao candidates should not be exempted from the application fee of US \$ 50 (US\$ 15 for application form and US\$ 35 for application) because the rate is also applied to local applicants. ADB should be able to absorb the application fees for the candidates from Laos.

1.2. Applicant Evaluation

As the six applicants from Laos graduated from different education institutions in Laos, Vietnam and Russia, it is not easy to evaluate their academic records . However usually Thai educational institutes acknowledge the diploma from any national universities as equivalent to Thai degrees. SUT, therefore, will accept the applicants from Laos with educational background from the national University of Laos, Vietnam and Russia.

Dear Prof. Dr. Umaly,

Subject: ADB Project – Overseas Post Graduate Program for the National University of Lao (NUOL) Academic Staff

Thank you for your letter of 21 October 1999 advising us of the conditional admission of our six candidates to the Thai graduate program at the Suranaree University.

For your information, our six candidates have completed an English language proficiency assessment, as I indicated in my earlier correspondence to you, and their proficiency were established to be at about the following levels:

<u>Names of Applicants</u>	<u>English Language Proficiency Level (ELFL)*</u>
1. Saythong Thammavong	3.5
2. Somchanh Bounphany (Somvongsa)	5.0
3. Sonesaksith Bounma	3.5
4. Bounxou Inthaluxay	3.5
5. Chanh Chanthanam	1.5
6. Lemthong Lathdavong	3.0

As our applicants have already submitted the required documentation to your university, I will appreciate specific information and early advise on the following so that preparations for their enrolment at the Suranaree University can be finalized as soon as possible:

- * i) individual programs of study, timing and duration;
- ✓ ii) individual cost estimates for each whole program of study;
- * iii) latest date for our applicants to be at the university before January 2000.

Post Graduate Program

1. Issues Discussed :

1.1 Application Fees

It was agreed in the meeting that Lao candidates should not be exempted from the application fee of US \$ 50 (US\$ 15 for application form and US\$ 35 for application) because the rate is also applied to local applicants. ADB should be able to absorb the application fees for the candidates from Laos.

1.2. Applicant Evaluation

As the six applicants from Laos graduated from different education institutions in Laos, Vietnam and Russia, it is not easy to evaluate their academic records . However usually Thai educational institutes acknowledge the diploma from any national universities as equivalent to Thai degrees. SUT, therefore, will accept the applicants from Laos with educational background from the national University of Laos, Vietnam and Russia.

* The Center for Educational Services, the Research Institute and Technopolis were assigned to arrange training programs requested. The fee for one person -month shadowing program will be US \$ 500*. Accommodation and board and air fare are not included.

Other Matters

Vietnam :

The Director of the Center for International Affairs reported to the meeting that there will be 72 grants to be given to students from Laos, Cambodia and Vietnam to study in universities in Thailand as part of the 72nd Birthday Anniversary Celebration of His Majesty the King. The grant will include tuition, accommodation and board for 1 semester in a Thai university and air fare. Currently, there is a young Vietnamese faculty from HAU who has expressed interest to come to SUT for training in Technology and Equipment for Food Processing, specially on dairy processing.

During the last visit of the CIA Director to Vietnam to attend the educational fair, the Vietnamese students expressed interests in SUT's English language program while the faculty member from different universities are interested in Agriculture, and basic Sciences.

Cambodia

The CIA Director received a letter from Cambodia requesting for nomination of experts in the areas of Accreditation / Quality Assurance and University Finance Management for a duration of one month.

SUT is interested in assisting Cambodia in the two requested areas. More detailed consultations will be done later between the Rector and the CIA Director. The meeting adjourned : 10.00 hrs.

Prepared by

Mantana Thammachoti

Remarks* The cost of US \$ 500 is based on
 8hrs / day x 5 days / week x 4 weeks = 160 hrs.
 lecture lab for 12 weeks (12 wks x 3 hrs) = 36 hrs
 then 160 hrs is approximately equivalent to 5 credits. (160 hrs / 36 hrs)
 One credit costs 1,500 Baht. (1,500 Baht x 5 credits = 7,500 Baht.)
 Thus, each trainee will be requested to pay SUT fee for 10,000 Baht
 (10,000 B + 7,500 B = 17,500 B which is equivalent to approx US\$ 500)

Post Graduate Program

1. Issues Discussed :

1.1 Application Fees

It was agreed in the meeting that Lao candidates should not be exempted from the application fee of US \$ 50 (US\$ 15 for application form and US\$ 35 for application) because the rate is also applied to local applicants. ADB should be able to absorb the application fees for the candidates from Laos.

1.2. Applicant Evaluation

As the six applicants from Laos graduated from different education institutions in Laos, Vietnam and Russia, it is not easy to evaluate their academic records . However usually Thai educational institutes acknowledge the diploma from any national universities as equivalent to Thai degrees. SUT, therefore, will accept the applicants from Laos with educational background from the national University of Laos, Vietnam and Russia.

1.3 Assessment System

Due to unfamiliarity with the Russian assessment system, CIA was assigned to obtain information concerning the assessment system of Russia through either the Russian Embassy or SUT Russian faculty members. Same is true for Laos and Vietnam.

2. Conclusion :

2.1 The meeting agreed to conditionally admit the six applicants from Laos P.D.R. They will be requested to come for an interview at SUT prior to their admission. The information gained will help SUT further arrange their placement and academic programs. The institutes of Science and Agricultural Technology were assigned to cooperate with the CIA to organize the interview as soon as possible so that the students could start the program in term 3 beginning next January.

2.2 Like other applicants, the Laotian applicants will have to be responsible for the cost incurred for traveling to SUT for the interview. As they are under ADB's support the cost could be absorbed by the sponsor.

2.3 Due to their low English proficiency, the Laos applicants under ADB's support could attend the Thai Graduate program. It is understood that they may have some difficulties in writing Thai, but it is also believed that they will definitely improve their writing ability during their study in Thailand as the foundation of the two languages are very similar. Moreover, in some cases the Laos students can also write in their own language.

2.4 As for English course for Laotian students, it was agreed not to make any special arrangement for English tutorial for them. The Rector reiterated that the Laotian students will be treated in the same manner as other students in the same program.

2.5 The Dean of Institute of Science asked for information on general procedures for in application by foreign students. The Rector stated that all applications from both inside and outside Thailand will be handled by the Center for Educational Services. The CIA will be involved only when the applicants are under agreement or cooperation project.

Shadowing Program

Apart from the six applicants for further study at SUT, the ADB requests SUT to arrange a work attachment for 5 personnel from NUOL in different areas.
