Dear DR. LOURDES SALVADOR:

Center for Continuing Education

Asian Institute of Technology

Thanks to your email. I also got an email from Glo saying that she will stay at Jade Pavillion on Friday evening but will transfer to Soi 38 Saturday morning. I think it is better to just eat at home. I will try to prepare what is available and if not enough it is very easy to get things at Thong Lor. As to your share, fruits would be nice. Do you intend to have piano lessons during the afternoon?

See you and give us a call if there will be any changes.

Best regards.

To: Ruben Umaly <cenintaf@ccs.sut.ac.th>

Dear Ruben,

I got an email from Gloria Enriquez yesterday informing me that we will meet in your house at lunchtime on Saturday, 22 March. I just have to confirm this with you and find out also whether we will lunch in your place or we will all go out for lunch. If we will have lunch in your place, please let us know what we can bring as our contribution.

Doods and I will try to out of AIT early enough to beat the Saturday traffic of Sukhumvit. Two Saturdays ago, Doods went back to Wattanawadee Court to pick up some of the things we left behind in our former apartment and it took him 3 long hours to reach Sukhumvit.

We look forward to seeing you on Saturday.

So long and warm personal regards.

Sincerely,

Lou

Dear Ben,

I am doubly sorry for two things. Firstly, I could not not talk to you very well over the phone this morning because of my hoarse voice. And secondly, I attended a meeting right after we talked and it ended until 12 noon. Hence, this late e-mail.

Thurs Fri 20-21

Anyway, may I confirm that we are inviting you to serve as our lecturer on ~~Friday and Saturday, 21-22~~ November on Strategic Planning for the Bangladeshi Officials from the Bangladesh Waterworks Development Authority. The 28 participants are all engineers and half of them occupy senior level positions. we will send you the formal invitation and the profile of the participants as soon as we get the final confirmation of the date of the training by the end of this week from the Government of Bangladesh.

Regarding the DTEC course on Thursday, 20 November, we decided just to have Nic or me continue serving as resource person since the inputs from the last three days will be used to do the planning of the training program. So please don't worry about this anymore. Thanks, anyway.

Just please inform us if we need to book you here at the AIT Center and the dates you wanted to stay here. Also let us also know where to pick you up by car and when. Likewise, please tell us what we need to prepare for your topic.

I look forward to seeing you soon.

Thank you very much and best wishes.

Sincerely,

Lou

Dear Ruben,

Last Thursday, Bangladesh sent us a fax requesting us to offer two courses that will combine the management of training centers and the development and production of training materials for a period of one month each starting 10 November and 17 November 1997, respectively. Our 28 participants will all come from the Water Works Authority of Bangladesh.

In this regard, may I know if you would be available as resource person in strategic planning for two days each. We will schedule you to come to AIT on a Thursday and Friday (13-14 and 20-21 November 1997).

I would appreciate it if you could inform us as early as possible if you are available as resource person on the dates we proposed above.

Thank you and warm personal regards.

Sincerely,

Lou
