Dear Dr. Varis,

Firstly, I would like to express my sincerest appreciation and gratitude for your warm hospitality and assistance during the ACA-SIU Conference in Bergen. Thank you very much too for the wonderful book. I had more time to look at it and read some of the articles in it.

There may be some universities in Thailand or even other parts of Asia that would be interested in Communication Education. Would your university be interested in some form of linkage like student and faculty exchange or use of modular teaching-learning materials. Please let me know your opinion.

Incidentally, we used to have linkage with CIMO through IEASTE in cooperative education, but somehow we have lost contact as the lady in charged of the program left. I met a lady during the conference who was in charged of CIMO but I failed to get her card. Could you kindly give me her name and contact address as I would like to renew our relation with CIMO.

The AUAP-University of Tehran Conference on Ancient Civilization and Higher Education will be on 10-12 November 2001 at the University of Tehran. Unfortunately, we have not yet received the final brochure from Tehran. They must have been busy with the last country election. I would send you one as soon as it becomes available to us.

Once again, thank you very much for everything and it was in deed a great pleasure knowing you and I hope we could continue our collaboration.

With best regards.

Sincerely,
Prof.Dr.Ruben C.Umaly
Director, CIA

Dear Prof.Dr.Ruben C.Umaly

ector, CIA,

I hope that my previous message came through - with my positive answers.

The Finnish lady from CIMO was:

"Ulla.Ekberg@cimo.fi" <Ulla.Ekberg@cimo.fi>.

I am now leaving to Madrid but will communicate more with you after a week.

Best wishes,

Tapio Varis

Prof. Dr. Ruben C. Umaly

Rector, CIA

Dear Professor Ruben Umaly,

It was really great to meet you in Norway. I am sure that we will find ways of cooperating in the future - both nationally and internationally. I am just leaving for Spain to meet with the former Director General of Unesco of our Global University System, and I also intend to establish a Unesco Chair at my university. I already gave you name to our international board in order to keep you informed.

The lady from CIMO is Ms Ulla Ekberg, Director.

I am anxious to attend the Tehran Conference if invited. I find it extremely important and enlightening to me.

I met my Rector today and we plan to have the Unesco Chair for me so that I could full-time keep contacts with great universities nad civilizations like yours. I will discuss this with my colleagues from Brazil, Japan, Singapore, and the U.K. in Spain early next week. From Wednesday I will be chairing World Conference on Multimedia, hypermedia and telecommunications so that I will be rather busy for the coming week.

Best wishes from my wife, too. We greatly admire your work. Yours sincerely,

Tapio Varis

Professor and Chair

Dear Dr. Willums,

Firstly, I would like to reiterate my sincerest appreciation and gratitude for finding the time even on Saturday to welcome me and my colleague to your very prestigious and impressive office. Thank you for the briefing and the materials which you gave.

●ould like to pursue further the possibility of linking with your organization regarding the activities of EARTH ASIA in the future. We would like to organize training courses at Maejo University in Chang Mai, Thailand on Leadership and Change Management of Sustainable Agriculture and Natural Resources Development for the Asia-Pacific region. Maejo University which is the site of EARTH ASIA is the oldest agricultural university in Thailand. We would be interested in the use of the on-line materials in Sustainable Development which you are developing. Kindly let us know how we could access them and what further assistance we could seek from your Foundation.

I hope you will be able to visit our university and country in the near future.

With best regards.

Sincerely,
Prof.Dr.Ruben C.Umaly
