Re: **Revisions and Update of the Itinerary of the Thai Trainees
Coming to Canada September/October 1994, under
CUTC/SUT Thai HRD Project**

Dear Dr. Sam-arng:

Thank you for your fax letter of June 17, 1994, and the feedback you provided regarding the Project Review Committee meeting for 1994, and regarding the SUT personnel who will be visiting Canada during the months of September and October 1994. We shall be pleased to welcome Dr. Roongthan Sujithamrak, Acting Dean of Social Technology, as an additional member of the visiting SUT group. We are pleased that you concur with the general outline of the proposed itineraries for the visitors. With respect to Item 4 of your June 17 fax, I would like to make the following comments:

1. Dr. Vutthi's visit to Halifax (Sept. 26 to 30) will include both TUNS and Dalhousie University. I hope you understand that since the University of Toronto is not a member of CUTC, and is not involved in the project, I suggest that Dr. Vutthi may like to make separate and private arrangements to visit the University of Toronto if he so wishes. I could, however, arrange for a short visit to the Department of Physics at the University of Toronto, while Dr. Vutthi is visiting Ryerson during the week of October 3-7, 1994.
2. Since Waterloo is very close to Guelph, it is possible to arrange a one-day side visit to Waterloo so that Dr. Terd and Dr. Suwayd may conduct discussions with the University of Waterloo co-op personnel. This side visit can take place while Dr. Terd and Dr. Suwayd are staying in Guelph during the two-week period of September 12-23, 1994. Dr. Caley has arranged a full schedule for both Dr. Terd and Dr. Suwayd while they are in Halifax, to visit not only the Food Science and the Agricultural Engineering Departments, but also side trips to a number of research labs in Nova Scotia, which we feel will

...2/

be of great interest and benefit to the two visitors. Both Dr. Terd and Dr. Suwayd (and also all of the other visitors) will be spending their first and last day of the visit at Ryerson.

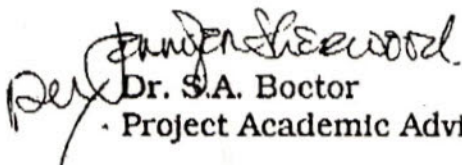

The revised general itinerary for the six visitors is attached. I have received proposed visit schedules from Dr. Caley (TUNS) and I am presently organizing the detailed schedule for the visitors while they are at Ryerson. I hope to receive the detailed schedules from the University of Waterloo and the University of Guelph for the visitors very soon.

Mrs. Marsha McEachrane-Johnson will be looking into the matter of the special travel arrangements for Dr. Vutthi's trip.

As you are aware, the project's major activities relating to the International Engineering Programs and the Cooperative PhD program are yet to be initiated. There are some outstanding academic, administrative and operational issues which I hope will be resolved in the very near future. We hope that arrangements can be made soon for the upcoming Project Review Committee meetings and discussions.

Best regards.

Sincerely,

Dr. S.A. Bector
Project Academic Advisor

3. FINANCIAL REPORTS

3.1 Partial SUT Expenses in the Implementation of the International Undergraduate Program.

A summary of some of the expenses incurred by SUT in the implementation of the International Undergraduate Program is given in Table 3.

SUT has spent at least Baht 803,633 (C\$43,440) in the promotion of IUP. This is equivalent to Baht 19,600 per applicant or Baht 66,969 per enrollee.

The need for better planning of the promotion is very obvious. The newspaper advertisements were very expensive and were not effective at all. The TV press conference must be continued. However, there is no substitute to personal contact with High School principals

Table 3. IUP EXPENSES

GRAND TOTAL			B 803,633
			C\$ (43,440)

through visits of SUT staff or career talks. We should also encourage visits of high school students to SUT so that they can get familiar with the University. The WorldTech'95 may be a good promotional occasion for IUP'96.

Promotion of IUP must also be done by CUTC members in order to attract Canadian students to the program. Should expense sharing also be considered since the CUTC member universities also get a lot of publicity in the process ?

The over time spent by the staff of the Center for International Affairs as well as the members of the IUP Committee specially those responsible for the Placement Examinations cannot be converted into monetary terms.

3.2 Fees Collected from International Undergraduate Program.

A total of Baht 94,250 was collected from the application fees and tuition for the intensive English course.

Table 4 Fees Collected from the International Undergraduate Program.

Application Fees	Baht 39,250
First Batch	Baht 15,250
Second Batch	Baht 24,000
English Language Tuition	55,000
Total	Baht 94,250

3.3 Expenses for the SUT Study Tour to Canada

3.3.1 Estimated Expenses prepared by SUT prior to Departure

An estimated budgetary allocation for each of the SUT staff participating in the study tour is given in Table 5.

The reported actual expenses are summarized in Table 6.

Additional expenses were also incurred in the pre-departure briefing of the SUT staff.

3.4 Estimated Expenses for some of the Projected Activities and Deliverables of the next two Quarters, 1995

The projected expenses for some of the suggested activities and deliverables for the next two Quarters, 1995 are given in Table 7.

Dear Dr. Sam-arng:

RE: Your Fax of June 17, 1994

I am writing to follow up on the points raised in your correspondence of June 17, 1994.

First, with regard to the scheduling of the Project Steering Committee Meeting, we feel that it is important to schedule this meeting no later than December. This meeting has already been postponed from the original date of April, and by December we will be one and a half years into the project. It is imperative that we have the opportunity to review activities to date and plan future activities. Please confirm whether the dates proposed in our recent fax are appropriate as soon as possible, so that we may begin travel arrangements.

Second, with regard to the fellowship trainees coming to Canada in September, please see the attached letter from Dr. Stalin Bector. We look forward to your response and to receiving our SUT colleagues in September.

Please accept my best regards.

Sincerely,

Sam Mikhail

Departure for Bangkok

We shall greatly appreciate your assistance in making the necessary modifications in the arrangements so as to accommodate this request of Dr. Roongtham.

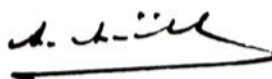

Although we realize all the time that University of Toronto is not a member of CUTC, we do feel that it would not be correct to limit the places for study tour and training in Canada of our personnel under the Project to institutions that are members of CUTC only. If it is to be so limited, SUT will have to be the only place of visit in Thailand for Canadian participants in the Project, which, as you already know, has not been the case. Being dean of the Institute of Science of SUT, Dr. Vutthi should benefit significantly from his proposed visit to University of Toronto. Thus, we would like to request for a reconsideration of the matter. If it will not be appropriate for your office to contact the University of Toronto officially for the purpose, your assistance in making unofficial arrangements and in providing us soonest with the person (s) and office (s) to communicate with at the University of Toronto will be greatly appreciated.

We would like to specifically follow up on our earlier request for Dr. Vutthi to purchase the airplane tickets for the return portion of his study tour and reimburse from the Project the prescribed fare for the Toronto-Bangkok flight so as to enable him to depart for Thailand from the west coast of the U.S. upon the conclusion of his side trip to the U.S. immediately following his study tour in Canada. As the departure date for the study tour is fast approaching and flight booking normally requires time, especially when the trip consists of many stop-overs and requires the service of many airlines such as the side trip to the U.S. of Dr. Vutthi, we shall be most grateful for your immediate advice via facsimile on this matter.

Hoping to receive the missing revised itinerary and the advice on Dr. Vutthi's request from you very soon.

With best regards.

Sincerely yours,

SAM-ARNG SRINILTA

Facsimile Message

TO: Prof. Sam Mikhail	Fax No.: (416) 9795352,
Director, Ryerson International	Country: Canada
FROM: Sam-arng Srinilta	Fax No.: (044) 254843
Acting VR for Planning & Development, SUT	Country: Thailand
Date: 4 July 1994	No. of Pages: TWO

Dear Director Mikhail,

Thank you for your facsimile letter of 28 June 1994 and that of Dr. Bocto of 20 June 1994. For unknown reason, the revised general itinerary for the study tour in Canada of the second batch of SUT personnel referred to in the letter of Dr. Boctor has not reached us until now.

We hereby confirm that the Rector and the Academic Senate of SUT have given consent to the proposal of your side concerning the meeting in Thailand of the SUT-CUTC Project Review Committee on 28 November - 3 December 1994, with Dr. Boctor, Dr. Schneider, Dr. Caley and Ms. Sherwood as participants from the CUTC side and with Dr. Boctor and Ms. Sherwood arriving Thailand one week in advance for preparation for the meeting. Hence, kindly proceed with the necessary arrangements, keep us promptly posted of their progress, and notify us of the arrival schedule of the participants from CUTC and of other specific matters that you feel we should give special attention to.

We are glad that Dr. Roongtham Sujithamrak can be accommodated as additional member of the second batch of our personnel for study tour in Canada. However, Dr. Roongtham had requested for changes in his study tour schedule to make it exactly the same as that of Dr. Prasart Suebka. That is, he would like his schedule to be as follows:

9 September	Arrival in Toronto .
12-16 September	Visiting University of Waterloo
19-23 September	Visiting University of Guelph
26-30 September	Visiting Technical University of Nova Scotia
3-7 October	Visiting Ryerson Polytechnic University
