Dear Dr. Umaly,

I am writing to you from the World Bank's East Asia and Pacific Region, Education Sector Unit. I was in contact with you last year concerning the Higher Education Management Seminar in China. We are now in the process of building our Consultant Roster for our core higher education group.

We are requesting CV's from experts in the area of higher education. Last year, you recommended a few individuals with interest and experience on higher education reform. While we did receive CV's and contact numbers for most of those individuals, we did not receive details on Dr. Toshio Nakamura of Bunkyo University. Can you provide us with any information as to his experience in higher education reform, curriculum vitae, an e-mail address, telephone and fax number?

Please let us know if you can assist us in obtaining any information on Dr.

Handwritten notes: "not" and "4/5/99" with a signature.

Nakamura. My fax number is 202-522-7108, or email at hpercy@worldbank.org. I look forward to hearing from you as soon as possible.

Sincerely,

Herma Percy

Dear M. Percy,

Firstly, I would like to apologize for the delay in my response. I noted from the print that your email was made on 30 Mar but I received it only today with date or receipt of our Center 28 Apr. I do not know what happened normally my secretary opens my email when I am away. I was in Guiyang, China at Guizhou University teaching for one month (most of March) when you sent the letter. I also helped train the staff of the university in some aspects of international relations and took an intensive course in Chinese. After China I had to go to the Philippines during Easter because I received a note that my father was not well. He passed away on the 16th of April and so I had to stay on for a few more days. Then I had to go to Seoul, Korea for the meetings and conferences of the Association of Universities of Asia and the Pacific (AUAP) and the Asia Pacific Distance and Multimedia Education Network workshop. Thus, I only returned to the office only today, the 3rd of May and found your email. I hope my reply is not yet that late.

It is a pity I did not get your email earlier as Dr. Toshio Nakamura and I were together for a few days in the Philippines and for one week in Korea. His mailing address is :
