Re: 1) Your fax message of 26 June
1997 to Mrs. Areeya Rojvithee, Director,
Technical Studies and Planning Division,
Department of Skill
Development, Ministry of Labor and
Social Welfare, Bangkok, Thailand,
seeking academic contacts and
cooperation with Thai universities

2) A letter dated 14 August, 1997,
to us from the Ministry of University
Affairs, Bangkok, Thailand

Dear Sir,

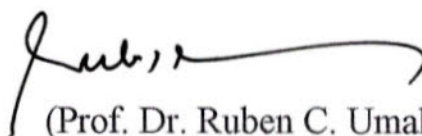

We would like to inform you that Suranaree University of Technology, Nakhon Ratchasima Province, northeast Thailand, has great interest in establishing academic contact and cooperation with your university and sending its students of both undergraduate and graduate levels to undertake joint studies or research at your university in environmental engineering and other appropriate related fields.

Therefore, we would highly appreciate receiving more information regarding your course offerings, facilities, and procedures for collaboration.

We would be pleased to discuss possible cooperation and collaboration during your planned visit to Thailand in September or October this year.

We look forward to establishing our cooperation in the near future.

Yours sincerely,

(Prof. Dr. Ruben C. Umaly)
Director, Center for International Affairs
