

## BEJEF CV - G HUNTER

George Hunter is Chief Executive of the Belasis Hall Technology Park. Mr Hunter joined ICI in 1961, with the Agricultural Division on Teesside. After 4 years in Research he joined the team of ICI Staff setting up the Chemical company of Malaysia (CCM), assisting in the design of CCM's plants and then serving in Malaysia from 1965 to 1968 as Production Manager.

From 1969 to 1976 Mr Hunter worked in the design of fertiliser plants, in the international licensing of ICI technology and in plant management. From 1977 to 1980 he was Marketing and Sales Manager for ICI Catalysts.

In 1980 Mr Hunter was seconded to ICI Corporate Research to manage the Design Systems Group, established to computerise the process engineering design of ICI's chemical plants. Later he was appointed Manager of the Technical Computing Group and served as Head of the Management Services Department.

In 1987 he was appointed Chief Executive and Director of Belasis Hall Technology Park.

Mr Hunter is a graduate of Leeds University with Bsc (Hons) degree in Chemical Engineering and an alumnus of INSEAD the International Business School in Paris. He also serves as a Director of the Cleveland Business Development Agency, on the Governing Board of University of Teesside and served as Chairman of the UK Science Park Association from 1993 to 1995.

His interests include, Golf, Sailing, Fell Walking and Photography. He is married to Monica a teacher of Foreign Languages and has three sons.
