Mark Deacon

Thank you very much for your letter of 23 April regarding the visit of Dr. Virul Manclaviraj to your nuclear facilities. I have passed on the your letter to him and he will contact you ASAP regarding his new plans.

Once again, thank you for your kind assistance.

Yours sincerely,

Prof. Dr. Ruben C. Umaly

Director, Center for International Affairs

MESSAGE TO DR. RUBEN C. UMALY  
DIRECTOR, CENTER FOR INTERNATIONAL AFFAIRS

Dear Dr. Umalay,

I am writing to you concerning the proposed scientific visit by Dr. Virul Manclaviraj to universities in Canada. We are very pleased that you have contacted the University of Toronto and I must personally apologize for the delay in responding to your request.

Please let me know if your colleague continues to be interested in visiting the University of Toronto. The University of Toronto is home to a SLOWPOKE grade CANDU reactor. In order to ensure that you receive the most relevant information, I am including the name and address of the Director of the SLOWPOKE Facility. Please feel free to contact him directly. However, I would also appreciate it if you also copied me on the correspondence. His name is Dr. Ronald Hancock, and as he does not have his own e-mail you can either direct your reply to him via my e-mail or contact him directly by fax at 416-978-8605.

The University of Toronto is keenly interested to promote international linkages with institutions such as yours. Also, as I am personally a graduate of Chulalongkorn University, I have a deep interest in promoting relations between Canada and Thailand.
