October 1998

INTERNATIONAL HANDBOOK OF UNIVERSITIES 15th ed.

the ONLY official guide to universities WORLDWIDE!

Dear Sir / Madam

The *International Handbook of Universities 15th ed.* is the most in-depth reference work of its kind available today, making it *the* authoritative guide to higher education institutions throughout the world.

Updated every two years, this single volume work contains **exhaustive, invaluable and up-to-the-minute data on over 5,900 higher education institutions in 174 different countries, including 300 new entries since the last edition!**

Providing clear, accessible information on **addresses, staff, fees, course requirements, facilities and history**, the *International Handbook of Universities 15th ed.* is an essential purchase for anyone requiring an authoritative guide to worldwide universities – for **students and researchers**, as well as **careers officers and educational administrators** alike.

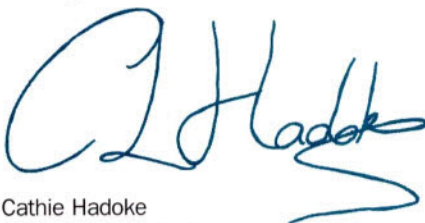

The *International Handbook of Universities 15th ed.* is the only reference work to be officially **recognised by the IAU/UNESCO** as the **most accurate and comprehensive guide to higher education institutions** throughout the world.

Furthermore, if you order your copy before **31st October 1998**, you can purchase your own copy at the **special pre-publication price of £125, saving £14 off the list price of £139!**

Do not miss this opportunity to get your copy of the *International Handbook of Universities 15th ed.* Order today by simply completing the coupon on the enclosed flyer, or alternatively **call our HOTLINE number on +44 (0)171 881 8027** to place a priority order direct.

I look forward to receiving your order soon.

Kind regards.

The only official guide to universities worldwide

brought to you by Macmillan Reference Ltd

The International Ha

Available on CD-ROM

The International Handbook of Universities is also available on CD-ROM as part of the *World Academic Database*.

The World Academic Database 1997/98 combines all the databases from the IAU:

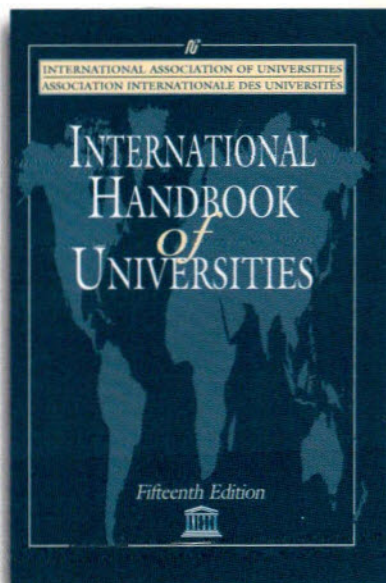

The International Handbook of Universities 14th ed.

World List of Universities 21st ed.

TRACE (International Education Information Network)

The Grants Register 1997-98

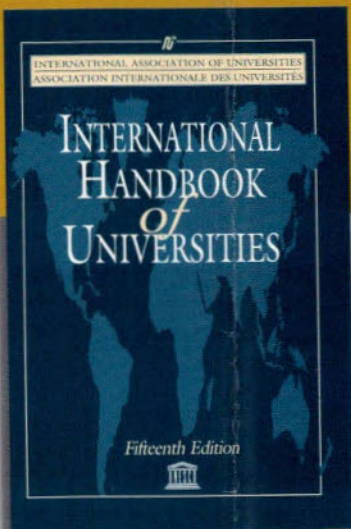

One fully searchable, cross-referenced CD-ROM provides exhaustive information on **over 11,900 higher education institutions** in **over 170 countries** and more than **2,850 awards** available for post-graduate and professional study worldwide. Three versions are available, combining one, two or all of the databases on offer.

The International Handbook of Universities 15th ed. is:

- the **only official guide** to universities and higher education establishments worldwide
- the **most comprehensive** reference source available, with information on courses, fees, personnel and essential contact details on **6,000 university-level institutions** in **174 countries** across the world.
- **truly authoritative** - based on data collected by the IAU/UNESCO Information Centre on Higher Education, from official information supplied by the national education bodies and institutions themselves.
- **more in-depth** than any other comparable reference work, including:
 - full address details (including email and websites where available)
 - names and contact details of key personnel (academic and administrative heads, international relations officers, deans and heads of academic divisions, ...)
 - a general description of the institution (history, special facilities, admissions requirements...)
 - full description of academic divisions, including number of staff and students per faculty
 - information on fees
 - degrees and diplomas offered
 - academic year dates
 - links with other universities

Furthermore, the new Fifteenth Edition contains over 300 new entries since the previous edition!

Handbook of Universities 15th ed.

Who will use it and why?

The *International Handbook of Universities* is an essential reference source for:

- **deans and administrators at higher education institutions** - for instant verification of applications, for expanding international links, for research into competing institutions
- **careers officers and education advisors** - for up-to-date and comprehensive information on higher education institutions for use when advising students on undergraduate and postgraduate study worldwide
- **students** - to help plan overseas study, including costs and academic year
- **human resources directors in international firms** - to check academic credentials when processing applications.

The International Association of Universities

The International Association of Universities (IAU) is a UNESCO-affiliated organisation which was formally established in 1950 to encourage links between higher education establishments throughout the world. Membership is open to all degree-conferring institutions, and associate membership to other international educational organisations.
