DR. NGUYEN MY LOC  
FACULTY OF EDUCATION  
VIETNAM NATIONAL UNIVERSITY  
HANOI

Dear My Loc,

Thank you for your email of 11/7 which I received today as I was in Bangkok most last week attending some meetings.

Regarding the dates, it is okay with me. I just hope I will be able to get the seat in TG as I am still in the waiting list for the 12th and 13th. In principle, it is okay with me. However, since you already have your mission, vision and strategic plan, then I do not have anything to do, unless you want to proceed to its logical next step which is the preparation of the operation plan. Please let me know if this is the case so that I can bring with me a different set of transparencies. This would then involve the preparation of the logical framework for each of the project that will done under each KRA. In this case, it will also need more than two days depending upon the number of KRAs that you have identified in your Strategic Plan. I will be waiting for the strategic plan which Dr. Thiep will send to me.

I will try to contact Dr. Paitoon, but I will be extremely busy next two weeks as we are organizing two important international conferences, one at SUT and another at SU in Bangkok.

Looking forward to our meeting.

With best regards.

Sincerely,  
Prof.Dr.Ruben C.Umaly  
Director, CIA

Director, CIA.

Dear Prof. Umaly,

Thank you very much for your reply, and for your warm congratulations to my husband for his recent appointment.

Regarding the workshop, I would like to inform you that, the workshop will be held in two days, 13th and 14th of the coming August. I appreciated what you suggested that relates to the workshop. Currently, we have had defined missions and goals of the Faculty, as well as a strategic plan for developing the Faculty. Prof. Thiep will send the strategic plan to you soon. Kindly give me your ideas about it.

Please feel free about materials you will need for your presentation at the workshop, and transport between Binh Minh Hotel and the University during the time of workshop.

Related to what Dr. Paitoon will do at the workshop, would you please directly contact with him? We consider Dr. Paitoon and you as key-personnels of the workshop.

I am looking forwards to see you at the workshop.

Sincerely yours,

Dr. Nguyen Thi My Loc

Dean,

Faculty of Education.

DR. NGUYEN MY LOC  
VIETNAM NATIONAL UNIVERSITY

Dear Dr. My Loc,

Firstly, kindly extend my heartiest congratulations to your husband for his recent appointment as President of VNU. I hope I will be able to meet him during the workshop, if not earlier.. I also hope that there will be opportunities for me to work with VNU specially in the projects of SDC and of your Faculty. He is also supposed to replace Dr. Dao as Board Member of the Association of Universities of Asia and the Pacific. He is representing Vietnam in the Board. I hope he will find the time to attend the coming Board meeting this month in Bangkok. I have requested Mme Quy to inform him about this.

Regarding the workshop, the week of the 13th is okay with me. During our original discussion, you mentioned that you want to develop a strategic plan for the Faculty and that you will be inviting the heads of the Divisions plus other key personnel to do the planning. I do not know how many days you would be available and how fast the group can do the work. Three to five days will be the minimum.

The number of days will depend upon the experience of the participants, the data available and the extent of the planning desired. Does your Faculty already have a defined mission? vision? awareness of some issues and problems faced by the Faculty? Have they done any strategic planning before? Are they familiar with the processes? If yes, then three days will be enough. If not then the minimum would be five days.

I intend to adopt the ZOPP method and so I will need the materials for this method which include 4" x 9" colored cards, broad tip pentel pens with black or blue color (one for each participant) as well as the broadest possible tip in different colors (red, black and blue or green); brown paper; board with styrofoam so that insect pins or paper pins can be stuck on them, flip charts, scissors, glue and overhead projector, blank transparencies for OHP.

I will be grateful if you could let me know what Dr. Paitoon will do so that I do not duplicate his efforts and the preparations. Kindly give me suggestions as to what you really want to be accomplished. Let me know also the number of participants and if possible their background and training and role in the School. I will appreciate receiving information on your present programs and activities, linkages, issues.

I intend to stay at Binh Minh Hotel unless you have other venue. If I stay at Binh Minh, will you be able to provide me transport to and from the University?

Looking forward to the workshop and possible collaboration.

With best regards.

Dear Dr. Umali,

Thank you very much for your help for our faculty.

I would like to discuss with you about the exact day we can begin our workshop. If we can conduct on 15, 16 August or earlier, it would be more convenient for us, and also for Dr. Paitoon.

Meanwhile, I would like to know what we have to prepare for your presentation.

I am looking forwards to hear from you.

Best regards,

Dr. Nguyen Thi My Loc.
