Dear Mme Quy,

Once again, thank you very much for the warm and hospitable reception you have give me. It is always nice to work with your group. I have told Dr.Nhung of our plans regarding the Placement Center and that we the revised concept. He has no objection and is going to fully support it. Thus, I hope, there will be no more objection from Dr.Thu. I hope you could explain our new concept to him.

I will be discussing with the Thai counterparts the proposed activity with SDC and I hope we could start it soon.

I look forward to our next meeting in May during the Education Fair.

With best regards.

Sincerely,
Prof.Dr.Ruben C.Umaly
