Re : Computer Course at SUT

Dear Mr. Thongphanh KOUSONSAVATH,

Your letter dated 28 December 1999 was forwarded to our office by Dr. Pongchan Na Lampang. I would like to thank you again for your interest in sending your faculty member to study at our university. Unfortunately, our university only offers an undergraduate program in Computer Engineering, and Information Technology. To obtain a degree in these fields, a student must attend and complete a four year course, of 192 credits for Computer Engineering and 175 credits for Information Technology. We do not know how many of his former courses can be credited to the degree.

However, I would like to suggest that he be included in the SUT-NUOL Shadowing Program. If the aim is for him to acquire practical knowledge, a 3 month shadowing program may be more advisable. As with the other, the computed cost is 10,000 Baht/month or a total of 30,000 Baht/month. Please let us know if NUOL would be interested to send him for the shadowing program.

Should you have any further inquiries, please do not hesitate to contact me.

Thank you very much.

Yours sincerely,

(Prof. Dr. Ruben C. Umaly)
Director of Center for International Affairs

Re : Computer Course at SUT

Dear Mr. Thongphanh KOUSONSAVATH,

Please refer to our letter dated 12 January, 2000. Concerning cost for shadowing program, I would like to inform you that the correct computed cost is US \$ 500 per month.

I apologize for our miscalculation and inconvenience which it may have caused.

Again, please let us know if NUOL would be interested to send your faculty member for the shadowing program.

Should you have any further inquiries, please do not hesitate to contact me.

Thank you very much.

Yours sincerely,

(Prof. Dr. Ruben C. Umaly)
