RE: AUAP AND VISIT TO MANILA

Thank you for the PNB check addressed to AUAP as payment of annual dues. My Secretary will be sending you the official receipt soon. Please send some articles on activities in AUF so we can feature your university in the AUAP Gazette.

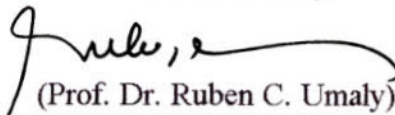

Prof. Dr. Wichit and possibly myself will be accompanying the former Minister of University Affairs (Mr. Boonchu Trithong) in his visit to Manila during the last week of January 1997. He will be awarded an honorary degree by TUP and we will take this opportunity to discuss with Dr. Alcala linkages with the Philippines.

As I mentioned in my previous letter, the University Senate has already approved the SUT-AUF Cooperation. Thus, this may be an opportune time for you to meet with Dr. Wichit and possibly invite him to AUF to discuss details of the linkage. Dr. Alcala is the one arranging all the programs. You may want to coordinate with his office in making the schedule of the visit. He was in Bangkok two weeks ago on a UNESCO Conference.

Let me know how I can be of further assistance in materializing the linkage. I would suggest Computer Science, Basic Sciences and Medicine be the areas of cooperation. I am not sure if you have engineering courses. If you do, then include it.

I wish you and the family happy holidays during the Yuletide season and all the best for the new year.

Yours sincerely,

(Prof. Dr. Ruben C. Umaly)
Director, Center for International Affairs

MEMORANDUM OF UNDERSTANDING

KNOW ALL MEN BY THESE PRESENTS:

This Memorandum of Understanding entered into and executed this 11th day of June, 1996 at Angeles City, Philippines by and between:

The **ANGELES UNIVERSITY**, hereinafter referred to as **AU**, a non-stock, non-profit educational foundation, incorporated under the laws of the Republic of the Philippines, represented by its President, Dr. Emmanuel Y. Angeles

with

The **SURANAREE UNIVERSITY OF TECHNOLOGY**, hereinafter referred to as **SUT** represented by its Rector, Prof. Dr. Wichit Srisa-an.

RATIONALE

The AU and SUT realize that the most important asset of an institution is its faculty.

The AU and SUT recognize the need for understanding, sharing of expertise and resources in the attainment of their goals and objectives to provide relevant quality education in support of their respective missions.

This Memorandum of Understanding has for its general objectives the following:

FIRST: That AU and SUT may collaborate in programs designed to upgrade the quality of faculty members as part of their continuing faculty development programs through scholarship grants, participation in seminars, workshops and symposia with the view of improving quality of instruction.

SECOND: The faculty members of AU and SUT may be invited as Visiting Professors to deliver lectures on their specialty, subject to their availability and the exigencies of their service to their respective institutions.

/page 2

THIRD: That the AU and SUT may exchange research publications and endeavor to undertake joint research whenever feasible and beneficial to both parties.

FOURTH: That the AU and SUT may undertake a program of student exchange to develop students not only as professionals in their field of specialization but also as potential faculty members.

This Memorandum of Understanding shall take effect upon signing and may be terminated by either party upon thirty days notice of one party to the other.

RE: MEETING IN PENANG

Your name and the name of Angeles University has been submitted both by AUAP and by Dr. Wang Yibing of UNESCO to the Malaysian Government as invited to the Penang Meeting on Reengineering of Universities. We have not yet received the final reply as participation is limited. However, it is not only you but the whole list from AUAP has not been answered as yet. I am in constant contact with Dr. Wang and will let you know of the progress.

I will be able to breathe a little bit after the 18th of June and so a few days after that I will be able to send you the curriculum for the proposed Strategic Institutional Planning Seminar Workshop.

I was informed by UNESCO AND SEAMEO RIHED that the proposed Conference on Quality Assurance in Manila has been approved and will most likely be in May 1997.

Whom are you sending to the SUT Anniversary and seminar?

I am rushing the next issue of the AUAP Gazette. I was back in Vietnam last week for another meeting and Madame Quy asked about you and the family.

RE: POSSIBLE LINKAGE WITH SUT

Thank you for your letter together with the MOU proposal. I have submitted it to Dr. Wichit as you requested. However, the University Council's approval is required before any MOU can be signed by the Rector. The usual procedure is for reciprocal visits to be made so that specific projects could be agreed upon. Normally, SUT does not enter into MOU without specific activities to be undertaken.

Dr. Wichit of course would be very glad to enter into agreement with AFU specially in the field of engineering and computer technology. However, his advise is for us to wait until the general umbrella of cooperation between Thailand and the Philippines is signed. We are presently renegotiating a date for the visit of Minister Boonchu Trithong to Manila to sign an MOU with Dr. Angel Alcala. Dr. Wichit will be joining the party of the Minister. Part of that agreement will also the possible linkages of SUT with some universities in the Philippines. They have already suggested, TUP in Manila, San Carlos University in Cebu and IIT in Mindanao. I see no reason why AFU cannot be included to represent Central Luzon.

Regarding the University Management Seminar Workshop, I discussed it with Dr. Pareja in Penang. There are a number of issues in university management that were discussed during the Penang meeting. Perhaps some of those could be the topics of the seminar workshop. It is also suggested that perhaps this could be done during summer or semestral break as aside from the seminar it is suggested that a study tour be also included. We could arrange for the team to visit some universities in

FAXED

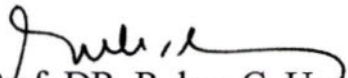

4 EMS.

Thailand- Chulalongkorn in Bangkok, Chiang Mai University in the North and Prince of Songkla in the south and of course SUT in the northeast.

This workshop would need some planning and so I would appreciate receiving feedback from you ASAP.

Thank you and best regards. Please extend my greetings to your wife, daughter and to Dr. Pareja.

Yours sincerely,

(Prof. DR. Ruben C. Urraly)

Dear Ruben,

Greetings from the Philippines! I hope you are doing well with your work as well as with your health. I also would like to thank you for the wonderful hospitality you have given me and my family while we were at your place.

To start implementing the objectives of the AUAP, I am sending through you two (2) copies of our proposed Memorandum of Understanding (MOU) between AU and SUT so we can establish the partnership and collaboration between our universities.

Please endorse therefore the MOU to your Rector and extend to him my best personal regards.

Thank you again and we hope to hear from you soon.

Very truly yours,

EMMANUEL Y. ANGELES

Dear Dr. Wichit :

Thank you for a wonderful encounter with you during the AUAP Board Meeting in Hanoi, Vietnam. Our discussion on efforts for partnership and collaboration is indeed well received and appreciated.

We would therefore like to fulfill the objectives of the AUAP particularly in the implementation of programs that will assist in the development of member institutions, thus, our initial effort to collaborate in the area of student and faculty development, scholarships and exchange.

Please find enclosed herewith two (2) copies of the proposed Memorandum of Understanding (MOU) between our universities. If you accept the terms and conditions therein stated, we would appreciate you signing the MOU together with your duly designated representative as witness and please send one (1) copy to us for our file.

We truly look forward to a very fruitful and productive working relationship with you.

Thank you and more power.

Very truly yours,
