Dear Dr Umaly :

The letter of Prof. Dr. Wichit Sirsa-an informing our President, Karl Doetsch, that the University Council of SUT approved the request of ISU to accredit the SSP99 course is very important for ISU. I am pleased that SUT joined the increasing number of Universities which accredited the SSP. I would like to thank you again very much for your supporting this request of ISU and making it happen.

In order to have this accreditation efficient for our students, the number of credits awarded is necessary, but it has not been mentionned in the letter of Prof. Dr. Wichit Sirsa-an. It would therefore be very kind to you to tell me how many credits SUT is awarding SSP99 students.

Best regards,

Francois Becker

Dear Dr. Becker,

Greetings from SUT and Thailand !!

SUT seems very quiet after the students and faculty members of ISU had left. The last one most probably was Edgardo as he visited the south first. He stayed with me for a few days in Bangkok.

Regarding the credits that the students can earn, it was for nine (9) units that the Council agreed.

Regarding the request from UBC, we will be more than glad to help, but most of the costing would be local-specific and so what will be most important is simply the listing of items that should be considered.

Kindly extend my regards to Dr. Doetsch and let us know how we can further strengthen our collaboration. I am still waiting from Dr. Verne Singhroy for the contents of the proposal for the July Seminar. I hope he is not too busy and has not forgotten completely all about it. I have written to remind him as we need time to prepare the brochures and other things for July.

With best regards.

Sincerely,

(Prof.Dr.Ruben C Umaly)
