● Dear sir,

We are writing the following letter for asking further details on exchanging staff and students with your university. We are interested with this matter.

The University of Agriculture and Forestry has offered the new field in Agricultural Extension and Rural Development. We would like to exchange with Surnuaree University in developing curriculum for this field and the experiences in teaching, learning in the field of Agricultural studies and Economic teaching. Could we are changing staff and students of our department? Could you give us further information on this matter?

Thank you very much .

Sincerely yours

Tran Thi Ut, Ph.D  
Chair, Department of Agricultural Extension & Rural Development  
Faculty of Economics  
University of Agriculture & Forestry

Dear Dr. Ut,

Greetings from SUT !!

Thank you very much for your email of the 17th. I do apologize for the slight delay in the response as I was on mission to Chang Mai that week when your email arrived. We are unfortunately, not so strong on Agricultural Extension Work as our emphasis is on Agricultural Engineering and Technology specially in relation to crop and animal production as well as food technology. We are also not so strong in Economics.

However, we have good collaboration with Khon Kaen University which is three hours away from our University or with Maejo University in Chang Mai. Thus, if you wish to pursue collaboration in Agricultural Economics, I can help you link with either of these two universities, specially Maejo. Chang Mai University is also strong in Agricultural Economics. Please let me know exactly what kind of activity you would like to undertake.

I have requested Dr. Tuyen to take care of the topic on Agricultural Extension and Rural Development during the coming April EARTH ASIA meeting in Thailand on Sustainable Agriculture . I will suggest that he brings you along to SUT during that time so that you could discuss with our Agriculture staff and also so that you could visit Chang Mai. The conference will include a visit to Chang Mai. Please discuss this with him. You can show him this letter to you.

Please do not hesitate to contact me again if you have further queries or if you need any other assistance.

With best regards.

Sincerely,  
Prof.Dr.Ruben C.Umaly
