DR. Joseph Olander  
President, Golden Gate University

Dear Joe,

The honor and pleasure of meeting you in China was really mine. I hope you have completely recovered from the flu bug. Flu usually leaves one feeling very weak.

After a few days in Bangkok and Nakhon Ratchasima, I had to be in Brunei to represent again AUAP in a meeting of our sister organization ASAIHL. I am leaving tomorrow for Paris to continue with the negotiations for our summer training program in applied mathematics with University of Paris 13 and on space technology with ISU in Strasbourg. Both programs will take place next year at SUT. Then there will be a regional consultative meeting on Quality Assurance at the Ministry of University Affairs in Bangkok. This will bring us to almost December and Christmas.

I shall appreciate highly receiving a brochure of your University to be able to determine possible areas of mutual concern and interest. Needless to say, your organization can participate in all AUAP activities even if you are not yet a member.

When I arrived home, my son said our dog had a big quarrel with our neighbor's dog and he had to bring our neighbor's dog to the hospital. He was thus able to meet our new neighbor, a young lady of about his age. It turned out that she is living alone in the house next to ours as her family lives in the United States and that her father is a professor at Golden Gate University. I have not found out yet the complete name of our neighbor and so I could not give you his name. I suppose there are not so many Thai professors in your University.—what a small world. The daughter is again in US and so I did not have the chance to meet her yet. The dog has completely recovered from the injuries caused by our dog.!!

I reiterate the invitation for you to visit our University when you are in this part of the world. Perhaps some collaborative activities can be developed between our two universities I shall be sending by separate mail some brochures about our University and some back issues of the AUAP Gazette..

With best regards.

Sincerely,  
Prof. Dr. Ruben C. Umaly

Dear Ruben:

I trust that this note finds you well and happy. I simply  
wanted to  
catch this fleeting moment to say how much I enjoyed meeting  
and  
listening to you when I attended the 7th Board Meeting of AUAP  
in  
Guiyang. I appreciated your insights, your humanity, your  
ideas--and  
your genuine laughter.

I would have written sooner; however, after I left Guiyang, I  
had to go  
to Beijing for four days of meetings, during which I  
contracted a  
powerful flu bug, which put me into bed for several days upon  
my return  
to the U.S.

Printed for Center for International Affairs &lt;cenintaf@ccs.s

I shall send in the application for membership in AUAP, and I shall  
plan to be in Korea. Please feel free to call upon me if I can  
help in  
any way--personally or professionally.

Warmest wishes.

Joe
